OSA 1469-63

1 9 MAY 1963

MEMORANDUM FOR:

Deputy Director for Central Intelligence

SUBJECT:

F-104 Aircraft

REFERENCE

Memorandum from DDCI to DD/Ri dated 12 April 1963 (ER 63-3622)

- in response to your memorandum of 12 April reference specially medified F-104 streraft, I feel that the particular characteristics of this aircraft would not contribute measurably to the intelligence sathering function of the Agency with the possible exception of specially configured flights over Cube.
- 2. Such an aircraft might contribute measurably to the test and development programs which are of amjor interest in such items as pressure suits, ejection systems, parachutes, and photographic techniques.
